

# What kinds of organisations can apply for this current round of Individual Capacity Building grants?

Under the ILC, the NDIA can only fund an organisation that is a legal entity. So, individuals, sole traders, international entities and non-incorporated associations are not eligible to apply.

In this current grant round the following organisations can apply:

- Disabled Peoples Organisations (DPOs)
- Disabled Family Organisations (DFOs)
- Priority Cohort Led Organisations (CPL)

The eligibility criteria for organisations can be found on the Community Grants Hub at <https://www.communitygrants.gov.au/grants/ilc-individual-capacity-building-icb-program-grant-opportunity>
